**FOR IMMEDIATE RELEASE: Monday, September 22, 2008**

### **Gallatin City-County Health Department Offering Fall Flu Clinics**

Starting October 7<sup>th</sup>, The Gallatin City-County Health Department will be holding walk-in flu clinics most Tuesdays and Thursdays, excluding holidays. All Tuesday clinics are scheduled from 8:30 a.m. to 11:30 a.m. and all Thursday clinics from 2:00 p.m. to 5:00 p.m.

The Advisory Committee on Immunization Practices now recommends that all persons age 6 months and older receive a yearly flu vaccination, since flu strains change from year to year. In addition to flu shots, the health department will also offer pneumonia shots.

A fee will be charged for adult vaccinations, or bring your Medicare card. The cost for flu shots is \$25, Flu Mist \$35, and pneumonia shots \$40. Flu Mist is indicated for ages 2-49 years only.

Children's shots, age 6 months to 18 years that are VFC eligible, will be provided with a \$14 recommended donation. Children's shots, age 6 months to 18 years, that are private pay or have insurance that covers immunizations, will be provided for \$25 for the shot and \$35 for Flu Mist.

All flu clinics will be offered at the Human Services building located at 215 W. Mendenhall, Room #117, in Bozeman. Please call 582-3100 for additional information.
